Getting Started

Hello user,

You have been invited to join My org on Google Skills. Google Skills hosts over 400 Google Cloud hands-on learning labs. A hands-on lab is an online learning environment along with a set of instructions to walk you through a live, real world, and scenario-based use case. In a lab you have access to the actual environment you want to learn about, not a simulation or demo environment. You can access the lab environment from anywhere using a standard browser.

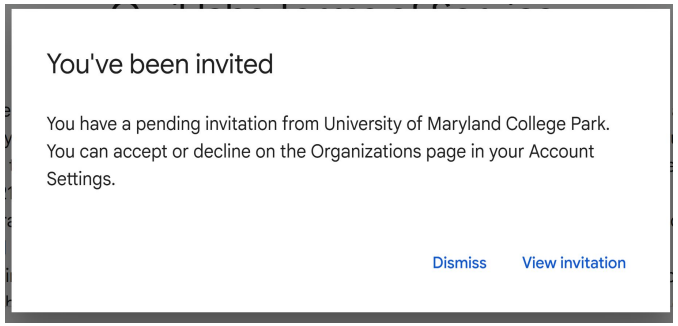

To get started:

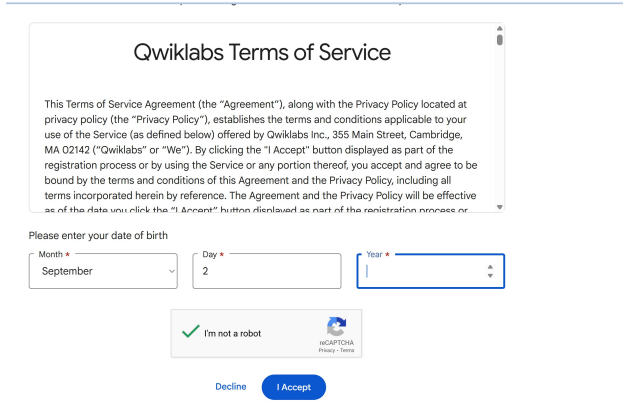

1. Click "Sign in" below
2. Once signed in, you will see a bell icon on your account profile on the top right-hand corner of the Google Skills homepage. Click on the profile icon and you will see a pending notification. Click on "invitation" and accept it.
